

HAMZA NASEEM

Agentic AI Developer | Python Backend | FastAPI Microservices | Docker

ziaee.pk@gmail.com | [+92-317-2532350](tel:+92-317-2532350) | imhamza.com

Summary

Agentic AI Developer with expertise in Python, FastAPI, and OpenAI SDK, building scalable microservices and AI-powered applications. Proficient in Docker, Azure, and RESTful APIs, delivering production-grade solutions with up to 40% improved scalability. Passionate about clean architecture and cost-effective cloud deployments.

Skills

- ❖ **Programming:** Python, FastAPI, RESTful APIs, SQLAlchemy
- ❖ **AI & Agentic:** OpenAI Agents SDK, Knowledge Graphs, MCP, A2A Protocol
- ❖ **Microservices:** Dapr, Docker, Docker Compose, Azure, gRPC, Pub/Sub, State Management
- ❖ **Cloud & DevOps:** Azure, Docker, Free-Tier Cloud Services
- ❖ **Database:** PostgreSQL, SQLite

Experience

- ❖ **Backend and AI Developer** – [Soft Pioneers Pvt LTD](#) – (2023 - Present)
Developing AI-driven APIs and applications using Python, FastAPI, and OpenAI Agents SDK. Built scalable microservices on Azure and optimized cloud costs using self-hosted LLMs.
- ❖ **Backend Team Lead Developer** – [Panaversity](#) – (June 2024 - Feb 2025)
Leading the development of AI-native microservices for an education platform. Built and deployed OpenAI agent systems using Dapr and Docker for 100K+ users.
- ❖ **Full-Stack AI Developer** – [Linkedin](#), [Upwork](#) – (2022 - Present)
Delivered 20+ freelance projects involving AI agents, REST APIs, and microservices using FastAPI, Docker, and TypeScript-based frontends.
- ❖ **Python Developer (Intern)** – [Internee.pk](#) – (Jan 2024 - Apr 2024)
Built and tested RESTful APIs using FastAPI and SQLAlchemy. Practiced CRUD operations, data validation, and used Git/Postman for version control and testing.
- ❖ **Operations Coordinator** – [Educational Institute](#) – (2019–Present)
Managed admin operations for 250+ students. Handled scheduling, communication, and process improvements across staff and record systems.

Projects

- ❖ **E-Commerce Microservices APIs:-** Scalable product/order system with Kafka, PostgreSQL, State Management and user auth via REST Deployed on Azure with Docker.
(github.com/HamzaNasim/ecommerce-mart-api)
- ❖ **AI Agent Chatbot with Frontend:-** Developed chatbot with OpenAI Agents SDK. used MCP for tool integration, deployed on Azure and Next.js.
(github.com/HamzaNasim/fastapi-openAI-SDK-nextjs-docker).
- ❖ **User Management Microservice:-** FastAPI-based service with JWT login/register, role-based access, OTP and database integration. (github.com/HamzaNasim/user_management_and_authentication)
- ❖ **Todo App API:-** Basic CRUD Todo app using FastAPI and SQLAlchemy with Swagger UI and local DB.
(github.com/HamzaNasim/todo_FastAPI)

Education

- ❖ Intermediate (Computer Science) | [Allama Iqbal Open University](#) (2025 - In Progress)
- ❖ Cloud Native (Agentic AI Eng) | [PIAIC](#) (2023 - present)
- ❖ Web Development | [Aptech](#) (2021 - 2022)
- ❖ GenAI Healthcare Specialisation | [FJDC.AI](#) (2023 - 2024)
